## 20th Century Literature

**Class #:** 121113      **Class Time:** 11:00 - 11:55      **Teacher:** Amber McDonald

<b><u>Fee(s):</u></b>	<b><u>Class Fee</u></b>	<b><u>Teacher Fee</u></b>	<b><u>Building Fee</u></b>
	\$15.00	\$50.00	\$15.00

**Description:** 20th Century Literature is a one hour, 15 week class. This course covers material that will earn each student one high school language art credit in English Literature. Students will read a variety of 20th Century novels, short stories, essays, and online articles. As a class, students will actively engage with these written texts and learn to analyze for both content and delivery, as well as engage in online discourse through discussion boards that will challenge their critical thinking on current topics. This semester, students will write a literary analysis essay, an eight-page research analysis, and a rhetorical précis. This class is designed to prepare high school students for the critical thinking and written discourse that is typical of a college-level course, as well as benefit those students preparing for alternative post high school paths. Literature selections for this semester include: Lord of the Flies, Night, The Old Man and the Sea, and various short stories.

**Homework:** Students should expect to spend 1 to 1.5 hours each day (Tues-Fri) on homework assignments, which will include reading and writing assignments.

**Supplies:** A copy of Lord of the Flies, Night, and The Old Man and the Sea. Short stories will be uploaded to Google Classroom. Students will be strongly encouraged to annotate the literary texts and take notes over the lectures. In addition to a pencil and notebook paper, a highlighter and page flags are suggested.

## 5K Fitness Challenge

**Class #:** 61255      **Class Time:** 1:30 - 2:25      **Teacher:** Beth Nowell

<b><u>Fee(s):</u></b>	<b><u>Class Fee</u></b>
	\$5.00

**Description:** Have No Fear!!! Whether you're new to running, or you're an experienced runner, this class can benefit you. Get in shape to run a 5K, or if you already run 5k's, then work to improve your time! If you've already taken this class, I will help you reach your goal if you want to improve your previous 5K time or train for a 10K. We will run during class rain or shine. A weekly running plan will be given. Basics of running such as form, hydration, stretching, goal setting etc will be discussed. On the last day of the semester, we will run a 5k race and have a celebration afterwards.

**Homework:** Required running/walking 20-30 mins, 2 days per week outside of class time

**Supplies:** good running shoes such as Brooks, Saucony, New Balance, Hoka, Asics with less than 500 miles on them, athletic clothing, water bottle

## Apologia Biology Lab

**Class #:** 12924      **Class Time:** 12:30 - 1:25      **Teacher:** Lynne Burns

<b>Fee(s):</b>	<b>Class Fee</b>	<b>Teacher Fee</b>	<b>Building Fee</b>
	\$50.00	\$50.00	\$15.00

**Description:** This is a one hour LAB class supporting the Apologia Exploring Creation with Biology 2nd edition.

This course is designed to be the student's first high school science course and to provide a detailed introduction to the methods and concepts of general biology. With heavy emphasis on the vocabulary of biology, it provides the student with a strong background in the scientific method, the five-kingdom classification scheme, microscopy, biochemistry, cellular biology, molecular and Mendelian genetics, theory of evolution (based on the creationist world view), dissection, and ecosystems.

This is NOT A LECTURE CLASS. In depth lectures for each chapter will NOT be conducted in class. Class will be devoted to completing the labs each week. If a student needs help in understanding the material, parents will need to assist their student during the week. I am also available to answer questions as needed.

Study Guides and tests for each chapter are turned into the teacher for accountability, and are noted on the syllabus with due dates. Students are expected to come to class prepared for the lab by having read and done the book work BEFORE class.

This is a 15-week/2 semester course. We will perform all dissection labs in the 2nd semester.

**Homework:** -Students must be able to maintain required reading from the syllabus and be prepared for each experiment to be completed in class - approximately 3-4 hours per week.

-Formal lab reports are required for each experiment. Lab reports need to be complete and drawings need to be as accurate a picture as possible and that includes COLORED drawings. Colored pencils, crayons, markers, etc are REQUIRED.

-Study guides, OYO questions, and chapter tests will be turned into the teacher for each chapter. At the end of the school year students will have earned a full Biology grade, not just the lab portion.

**Supplies:** - "Exploring Creation with Biology" by Dr. Jay Wile (2nd Edition) - \*\*please note this edition is no longer in print by Apologia\*\* I have multiple copies that students may check out and borrow for the school year.

ISBN-13: 978-1932012545  
ISBN-10: 9781932012545

This book can still be found online at varying sites, should you want to purchase your own copy. You will need this book before the semester starts as there will be a reading assignment due the first week of class.

- Pencils and/or pens and colored pencils (this is a must for many of our experiments).

\*\* A coordinating Lab/Homework Book is supplied by the teacher, included as part of the class fee, and handed out the first day of class. \*\*

## Apologia Chemistry - Hour 1

**Class #:** 121014      **Class Time:** 12:30 - 1:25      **Teacher:** Jennifer Helm

<b><u>Fee(s):</u></b>	<b><u>Class Fee</u></b>	<b><u>Teacher Fee</u></b>	<b><u>Building Fee</u></b>
	\$20.00	\$50.00	\$15.00

**Description:** This is a 15-week/2 semester course. This is the 1st semester of Exploring Creation with Chemistry. This class is designed to be a first-year high school chemistry course and gives the student a rigorous foundation in chemistry in order to prepare him or her for a college-level course. The course covers significant figures, units, classification, the mole concept, stoichiometry, thermochemistry, thermodynamics, kinetics, acids and bases, redox reactions, solutions, atomic structure, Lewis structures, molecular geometry, the gas laws, and equilibrium. In order to be able to understand this text, the student MUST have completed Algebra I. This class is a two hour class, which will include one hour of lecture and one hour of lab. Students MUST register for both hours. Students will be required to complete homework assignments to participate in the labs.

**Homework:** Student should expect to spend a minimum of 4-5 hours of homework per week. Homework will consist of reading assignments, study guides, module reviews, lab reports, in class quizzes, and tests. Instructor will grade all homework, lab reports, quizzes, and tests.

**Supplies:** Exploring Creation with Chemistry (by Plourde 3rd Edition) textbook, Student Notebook, solutions manual, and scientific or graphing calculator. This will greatly help the students with their homework and Labs.

Basic school supplies (pen, pencil, notebook paper), scientific calculator and a 1-inch three-ring binder.

Teacher will send class notes for student to print off at beginning of semester to bring to class to assist in lecture.

## Apologia General Science

**Class #:** 8654      **Class Time:** 12:30 - 1:25      **Teacher:** Natalie Sanchez

<b><u>Fee(s):</u></b>	<b><u>Class Fee</u></b>	<b><u>Teacher Fee</u></b>	<b><u>Building Fee</u></b>
	\$10.00	\$50.00	\$15.00

**Description:** This course is based on the "Exploring Creation with General Science 3rd Edition" Apologia book. It is designed to be the advanced 6th grader's or average 7th and 8th grader's foundational study for later science courses. This is a true general science course covering a wide range of the branches of science. We will learn key study techniques as we cover topics including astronomy, meteorology, oceanography, earth study, geology, paleontology, and environmental science. This is a 2-semester, 15-week course.

**Homework:** Approximately 3-4 hours per week. Students will be expected to read modules for comprehension and study each module to be prepared for study guide questions, class experiments, and module exams.

-All tests will be completed online through Google Classroom.  
Tests will be administered at home under parental supervision.

-All Formal lab reports will be typed on a Google Doc that will be provided on Google Classroom.

**Supplies:** -"Exploring Creation with General Science" by Sherri Seligson (3rd Edition).  
-Students will also need the corresponding student notebook.  
-Google Classroom will be our main hub for communicating and providing tests and formal lab reports. This is also the place these things will be turned in to me, so please plan to make use of Google Classroom. PATH will provide you with a Google Classroom account at the beginning of the semester.  
-Basic supplies - paper and pencil.

(Solutions and test book are optional. You only need this if you want the test answers at home.)

## Apologia: Earth Science

**Class #:** 5322      **Class Time:** 10:00 - 10:55      **Teacher:** Ashlee Greene

<b><u>Fee(s):</u></b>	<b><u>Class Fee</u></b>
	\$15.00

**Description:** In this course, your student will explore and learn about the observable universe, life in the habitable zone, spheres of the Earth, mapping our planet, the forces that make and shape the land and sea, climate and weather, cycles of life, and unique places on Earth as they reveal the marvel and might of our loving Creator. This is a two-semester course.

**Homework:** Students will be required to complete a reading assignment each week from the textbook, Apologia Earth Science. In addition, students will also be required to complete and turn in an assignment each week. Thus, 3-4 hours of homework a week depending on how the student reads and writes. The assignments will vary from week to week so a syllabus will be given.

**Supplies:** Textbook - Apologia Earth Science

## ASL 1

<b><u>Class #:</u></b>	12921	<b><u>Class Time:</u></b>	9:00 - 9:55	<b><u>Teacher:</u></b>	Jody Jolly
<b><u>Fee(s):</u></b>	<b><u>Class Fee</u></b>	<b><u>Teacher Fee</u></b>	<b><u>Building Fee</u></b>		
	\$25.00	\$50.00	\$15.00		

**Description:** In this first year of ASL, students will learn the basics of sign articulation, grammar and Deaf culture. Learning the manual alphabet, numbers and descriptive signs, students will be able to express sign language effectively and to receptively understand what is signed. Completion of this course can be used to fulfill one foreign language credit for high school. ASL 1 covers Units 1-3 in the Master ASL Level One book by Jason E. Zinza. The purchase of the book is not required and copies will be made and provided during the semester.

Students must meet these requirements to continue on to ASL 2:

\*A passing grade of 80 or higher

\*A passing assessment of proficiency based on the teacher's end of semester evaluation

\*A positive, engaged attitude throughout the semester. (meaning full attention and respect given as stated in our PATH handbook and policies)

**Homework:** One expressive (signing) and one receptive (voicing) assignment will be assigned reflecting the language covered in class. This means access to a computer and a recording device (cell phone) is required to submit work.

Check Google Classroom for Homework. Assignments and materials will be posted by 12 noon on Tuesdays following our Mondays class, so I can custom each assignment based on what was covered.

DAILY Google Classroom login is required to watch Master ASL curriculum vocabulary videos. These videos will continue to teach and review language and Deaf culture taught in Monday's class. Please watch and practice vocabulary and materials daily for a least 15-20 minutes or more for language exposure and practice!

SILENT NIGHT OUTS (TBD) are required (upon availability) for hands up practice and participation grades.

These times together provide a safe space for students to get their hands up in the air and learn from more experienced signers as well! It's fun and educational! More details to come!

The Class fee covers Deaf quest speakers, Interpreters and fun activities!

**Supplies:** Reliable device to access Google Classroom.  
Reliable device to upload videos to Google Classroom.

## Beginning Typing

**Class #:** 12674      **Class Time:** 12:30 - 1:25      **Teacher:** Erin Sexton

**Fee(s):**      **Class Fee**

\$15.00

**Description:**      Typing With Awesomeness!!!  
Learn basic keyboarding skills through fun games and drills. Students will learn proper finger placement on keys, technique, and form. Developing correct key stroke patterns will begin with learning to operate the home row keys and then moving on to other letters and keys. Emphasis will be given more to proper form than speed, although most students will see their speed increase each week as well.  
This is a fun class...trust me! Your child may say... "I don't want to take typing, that's so boring!"...but not my class!! Some fun things I've done with my typing students have been: musical typing, glow in the dark typing, and creative storytelling typing with candy and worms!;

**Homework:**      Each week the students will have a handout to practice typing at home. Parents will need to help set their child up by creating a file folder that will stay on the desktop of their child's computer. This folder will be where handout practice will be saved weekly so we can easily access it each week in class.  
It's super important that parents walk through a few important things with their child before coming to class.  
-how to turn on their device  
-how to fully charge their device so it's got power when arriving to class  
-bring the power cord! Things happen and kids forget to charge their device... Just plan on bringing the cord :-)  
-how to locate their file folder for saving and how to save  
-and finally and most importantly...how to open a blank page in Pages or Microsoft Word so they can type in class:) using a Notes feature on a device will not suffice, they need a word or pages document.  
-one problematic issue that we have come across in the typing class, is auto correct. We are not typing words all the time... and the computer really wants to fix the spelling... If it all possible, can you please turn auto correct off before coming to class. Thank you :-)  
-passwords... Please make sure your Child knows all the appropriate passwords for opening up the device. Myself and the other teachers have spent time running around the building looking for moms to ask for passwords... it's something I didn't think about... but now I know! Be prepared with passwords :-)

**Supplies:**      Each student will need a laptop computer. An optional accessory would be to have a plug-in keyboard along with their computer (this tends to be very helpful for the students... the keys are bigger and they click when they are pushed... It is optional not necessary... But it has been helpful in previous classes.) Tablets will only be sufficient if they have a stand and a plug-in external keyboard, as well as the proper downloaded word document etc.

Students will be given a typing binder and will be required to bring it to class weekly:)

(If the students have water in class, it needs to be stored on the ground against the wall)  
Thanx!

## Doodling & More

**Class #:** 126101      **Class Time:** 9:00 - 9:55      **Teacher:** Rebekah Lovelace

**Fee(s):**      **Class Fee**  
\$25.00

**Description:** Learn ways of how to doodle, Zentangle and draw even if you think you aren't capable of it or talented. This will give a step-by-step framework for learning how to bring out creativity on paper and other objects you feel comfortable with as the weeks progress. This also helps to calm your mind for anxiousness and lowers blood pressure as well as strengthen your hand-eye coordination.

Also, learn how to doodle/draw your thoughts or stories into artwork. Discover how to express ideas visually. Explore how to think more creatively.

This class is for everyone! New ideas and projects each semester.

**Homework:** Complete projects during the week as needed/wanted.

**Supplies:** Bibles suggested to bring for doodling in (a way to Bible journal for those interested).

<b>Fee(s):</b>	<b>Class Fee</b>	<b>Teacher Fee</b>	<b>Building Fee</b>
	\$15.00	\$50.00	\$15.00

**Description:** In this 15 week, 2 semester course (30 weeks total), students will learn the money skills they'll use now and for the rest of their lives so they'll have a solid foundation when they're out on their own. But it doesn't just stop there. This course trades boring formulas and financial theories for time-tested principles, real-life applications and humor (yes, personal finance can be fun!). We will discuss budgeting, saving, credit, career readiness, college planning, insurance, taxes, housing, investing and more! There will be plenty of opportunities to practice the skills we learn as well, students don't come out simply with book knowledge. In addition to in-class instruction and activities, students will view video content at home, complete workbook assignments, and enrichment activities. All of these elements will be used to build this course into a year-long academic class that will earn each student one Math credit. Parents will be responsible for proctoring tests at home through the student's online account through the Ramsey website, communicating test grades to the teacher for recording, overseeing completion of workbook assignments, and assisting students at home with enrichment activities.

**Homework:** Students will have weekly homework. Each student will commit approximately 4 to 5 hours per week completing assignments.

**Supplies:** Each student will need to purchase Foundations of Personal Finance Homeschool Print + Streaming edition (\$89.99). This product includes a print workbook with a voucher code for digital access to streaming video lessons at home for 1-year, assessments, homeschool-specific activities, and devotionals.

**Fee(s):**      **Class Fee**      **Teacher Fee**      **Building Fee**  
\$15.00      \$50.00      \$15.00

**Description:** Apologia Exploring Creation with Physical Science is a 15 week, two semester course. Course topics include: atomic structure, the periodic table, chemical bonds, reactions, motion, forces, energy, waves, sound, light, electricity, magnetism, Earth's structure, weathering, and atmosphere. This class is designed to create an excellent foundation for higher level classes and may serve as an integrated science credit. Recommended grade level: 8-10.

\*Prerequisite: Students need a strong grasp of two-step algebraic math. A successfully completed pre-algebra course is required before registering for this class.

**Homework:** Students must purchase, both the textbook (Apologia Exploring Creation with Physical Science, 3rd edition), and the student notebook. It is highly recommended that parents also purchase the test solutions booklet, as it contains the solutions to the study guides.

Students will be responsible to complete a reading assignment and student notebook pages each week. In addition, they will preview any labs that we will be conducting in class. Because we only have 1 hour of class time per week, it very important that students complete their homework to the best of their ability before coming to class. Students should come prepared to class and will be expected to demonstrate their knowledge of the assigned reading material. Class time will be focused on hands-on experiments and other extension activities. Thus, homework must be completed and mastered before coming to class.

Students will also complete an exam at the end of each module. Tests and quizzes will be a combination of in-class and take home and proctored by a parent.

Finally, students will prepare lab reports based on the experiments conducted in class. These lab reports should be high-quality, typed reports. At the end of the second semester, students will also create a science fair project on a topic of their choosing.

**Supplies:** Text: Exploring Creation with Physical Science with accompanying student notebook. Standard school supplies.

## Intro to Biblical Psychology

**Class #:** 12682      **Class Time:** 10:00 - 10:55      **Teacher:** Mike Hamilton

**Fee(s):**      **Class Fee**  
\$5.00

**Description:** This class is an introduction to a unique biblical psychology theory. Students will learn models, concepts, and biblically based methods that will cover what we were designed to experience in relationships and how trauma and the fallen world has altered that design. I will share stories of actual cases from my 20 years as a counselor, we will discuss disorders and how to conceptualize them as christians as well as biblically based ways to move towards shame, offer love and walk with clients into freedom. The class will go as follows: 10 minutes case discussion and introduction into common disorders. 35 minutes on theory, biblical basis for methods and exposure to what a counseling practice can look like. 10 minutes of student questions about general topics or topics that we covered for the day.

We will be discussing trauma but not in detail, more from an overarching definition of "trauma" not about specific abuse types. I will make every effort to make this age appropriate.

**Homework:** If you are ok with the Enneagram, I would like for each child to take a test at "yourenneagramcoach.com" or purchase Enneagram: A Christian Perspective by Rhor. Students can come week 1 with their type and we will discuss it in a fun and interesting way.

If you are not ok with the Enneagram, this will be used to help open categories for the students as to personality type only. It would be ok for someone to take the class and not engage with the Enneagram, 99 % of the class will be about my theory and methods.

## Introduction to Literary Analysis

**Class #:** 10845      **Class Time:** 1:30 - 2:25      **Teacher:** Lisa Henderson

**Fee(s):**      **Class Fee**      **Teacher Fee**      **Building Fee**  
\$10.00      \$50.00      \$15.00

**Description:** In this class, students will read and discuss Newbery-awarded fiction and curated non-fiction appropriate for 8th-10th grade students. In a friendly “book club” atmosphere, students will learn to read with a pen in hand as an intro to annotation and to practice thoughtful communication skills as we discuss what we’re reading. Students will then develop persuasive writing skills by proposing a “whether” question for the book, evaluating both affirmative and negative answers to the question, and then writing a 5 paragraph persuasive essay defending their chosen position. The writing will build on skills learned in previous writing programs while adding techniques to strengthen their persuasive writing. Students will also improve grammar proficiency through a weekly focus on an aspect of grammar usage (capitalization, punctuation, tense, etc...) and become familiar with literary elements (plot, theme, etc...) and devices (similes, foreshadowing, etc...)

This class would be best for students who have taken IEW or another writing program and who are preparing for high school literature and writing classes. This is a two semester class that could serve as the student’s language arts studies for the year.

**Homework:** Students can expect to spend approximately 4 hours a week on homework. Homework will include reading novels, annotating the books, answering questions on the reading, and completing writing assignments. There will also be grammar worksheets to complete.

**Supplies:** Parents should expect to spend \$30 to \$50 for textbooks that will be used for both semesters as well as four or five novels for each semester. A detailed list of texts will be sent out in June.

A binder with notebook paper and pencils and pens, as well as colored pens (blue, red, green, pink, purple) for annotating the novels will also be needed.

Class will complete 8-10 projects, that can include items like keychains, earrings, wallet, sunglasses holder, etc. We will use different types of leather and different techniques as we explore different projects. (Students can "gift" any items that they make that aren't their particular style.) Designed to introduce skills such as different sewing techniques, punching holes, setting snaps and rivets, etc. that can be used to complete larger projects. Teacher will provide supplies.

**Homework:** none

**Supplies:** A decent pair of scissors would be useful, but not required. There will be enough teacher supplies to share.

If students have any recycled leather that they want to bring for projects, they are welcome to. Could be old purses, belts, etc.

Basic pens and pencils.

## Leather Crafting - Intermediate

**Class #:** 61295      **Class Time:** 1:30 - 2:25      **Teacher:** Anna Lewis

**Fee(s):**      **Class Fee**  
\$25.00

**Description:** Using skills learned in the beginner class, students will create approximately 3 larger, more involved projects out of leather. Preliminary ideas include creating a leather bound book, a roll up pouch for paintbrushes, pens, pencils, etc. and some kind of satchel or purse. All projects will require significant (simple) sewing as they create pockets, etc. We will learn how to use a "stitching pony" that holds projects to help sewing get easier, use a pattern and create projects that can be used and last for a long time. Students will have the flexibility to change projects and improvise if they have different ideas or styles that they want. They can use class supplies to be creative! Students are expected to know the basics of how to punch holes, set snaps/rivets, and sew the saddle stitch.

**Homework:** Students can take home projects to work on if preferred.

**Supplies:** Sharp scissors are helpful, but the teacher has enough to share. Students can bring their own leather (purchased or recycled) if they want to customize their project with different supplies than the ones provided.

**Description:** This curriculum takes an innovative and engaging approach to help students not only learn about Spanish but also learn to communicate at an intermediate-high level. The entire book revolves around eight characters from four different Spanish-speaking countries. The eight students collaborate on a blog about the four main Spanish-speaking empires from the past. The characters share their feelings and ideas as they discover new things about their countries' history, their culture, and the other members' cultures. Chapters present vocabulary and grammar concepts thematically in the context of the character's surroundings. Activities are communicative and meaning-based and incorporate substantial review at the beginning. Listening resources are available on AfterSchoolHelp.com and Teacher Tools Online.  
\*PREREQUISITE: Successful completion of a comparable Spanish 1 curriculum and/or teacher approval.

**Homework:** Expect to spend about 5 hours per week on homework activities, vocabulary memorization and quizzes/tests (to be proctored by a parent). Student will need to have access to the free audio files on BJU's website, afterschoolhelp.com, in order to complete some of the activities.

**Description:** World Literature is a one-hour, 15-week class. This course will cover material that will earn each student one high school social science credit in World Literature. In this class we will discuss works of literature that correspond to the historical events being taught in the World History class, as well as learn how to write various types of academic essays in MLA format. Students will actively engage with these written texts and learn to analyze for both content and delivery through class discussions and analytical assignments. The literature texts for this class are: The Pearl, Julius Caesar, A Tale of Two Cities, The Hiding Place, Animal Farm, and a variety of short stories. The academic essays include a literary analysis, definition essay, cause and effect essay, and a comparison essay.

**Homework:** Students should expect to spend one hour each day, four days a week on homework assignments.

**Supplies:** The Pearl, A Tale of Two Cities, The Hiding Place, and Animal Farm. In addition to a pencil and notebook paper, a highlighter and page flags are suggested.
